

# LOGHILL PET NETWORK

July 2013

It's been a year since we set up the Pet Network, and it's been a very successful endeavor. Our efforts to create awareness of lost pets in Loghill has done just that.

Currently, we have over 60 residents on our email list, plus we're tied into a network in Fairway Pines, the Second Chance Humane Society, and Dr. Connie Stapleton's vet techs. With all this exposure, we've had a great response from the community whenever a lost or found pet email has gone out.

We've also learned that pets aren't just cats and dogs, as you will recall the found chicken from last year. It doesn't matter what kind of pet is out there, we'll send an email out in the hopes of it being returned to its owner.

The Pet Network has also been a learning curve for us, as we began alerting people to the behaviors of the coyotes in the area. We haven't had as much problems with coyotes this year, and we'd like to think that residents are keeping a closer watch on their pets. We'd also like to think that the coyotes are less brazen, but that's probably not the case.

If you are not on the Pet Network and would like to be, please contact any of the following people on the committee:

Deb Cokes 626-3099  
Nancy & Ted Rector 626-3186  
Sandy Michaud 626-3453

Thanks for being a part of the Pet Network.
