

Chipping & Tree Service Contractors

Since many of the Loghill Village homeowners may not be able cut the 5 pile minimum to qualify for the free chipping program; West Region Wildfire Council (WRWC) has provided a list of contractors that can do chipping and other landscaping services.

WRWC Disclaimer: The following list of contractors provided by West Region Wildfire Council is based on WRWC's current Vegetation Management Contractor database. We make no guarantee that this information is accurate or that the list is comprehensive of all service providers available in your area.

This list is provided solely as a courtesy and does not represent an endorsement. WRWC also makes no guarantee of the quality of services. As with hiring any third-party contractor, we recommend that you shop around, ask questions, request and contact references, inquire about skills and abilities, inquire about liability insurance coverages, request a quote or estimate, and perform any other due diligence as appropriate.

Finally, if you are associated with a vegetation management business and would like to have your business listed on this and/or similar lists and/or would like to learn about other bidding/contracting opportunities through WRWC's wildfire mitigation programs, please contact us by visiting our website at www.COwildfire.org
